Quality Holsteiner Horses for Sale • Imported Frozen Semen

-Dear Breeder:

CONGRATULATIONS for choosing one the best Holsteiner stallions in the world!

Please complete in full and return the following documents:

Contract

Mare History Information

Waiver

A check or VISA (please add \$70.00 for VISA etc.) for payment of the fee and deposit on collection fees etc.

I HAVE ENCLOSED AN OBNOXIOUS COLORED MARE BREEDING PASSPORT.....I NEED YOU TO RETURN THIS DOCUMENT. READ ON:

*RETAIN and return the FRESH SEMN MARE BREEDING PASSPORT until 18 day pregnancy check . This document is ESSENTIAL. Your veterinarian must sign. This document forms the basis of our stallion service report, allows us to issue you a Breeding Certificate which, in turn, allows you to register your qualified foal. Please do not forget about this document. **DO NOT DELAY IN RETURNING PASSPORT. Do not wait till end of season; do not forget!***

TO ORDER SEMEN: Call no later than the night before you want us to COLLECT. ADD \$100.00 for SUNDAY COLLECTIONS. WE HAVE TO CALL IN OUR STALLION HANDLER ON HER DAY OFF. We collect early in the morning. Do not trust the answering machine; you must receive a confirmation from us that we have received your order. Do not leave a request on the cell phone.

BREEDING YOUR MARE: First, culture, cytology and if needed Biopsy your mare to make sure she is in sound breeding condition. Insist on very sterile washing technique prior to insemination. Use Ivory soap and a "dirty hand, clean hand" method to wash and thoroughly rinse and dry the vulva area. After the bag of semen is opened be sure your vet rotates it gently prior to insemination.

RETURNING TANK: It is YOUR responsibility to return the tank, not the vet. Please use OVERNIGHT air via Fed Ex or UPS. **DO NOT PUT THE TANK ON THE AIRLINES!** Please be sure the cup, its lid, the frozen cans, ballast bag (if used) and the *Delivery Certificate* are in the tank prior to shipping. **THE RED LIDS CONTAINING THE LEAD LINER ARE NOW ESSENTIAL DUE TO AIRLINE SECURITY SYSTEMS. THESE COST \$20.00 each and we will request reimbursement if the tank is returned without the lid and liner.** The tanks are numbered so we can track down you tardy ones.

FOX FIRE FARM

STALLION FRESH SEMEN SERVICE CONTRACT

This contract, for the _____ breeding season, from _____ to _____, is made and entered into by and between Fox Fire Farm, herein designated *stallion owner*, and _____, mare owner, lessee, or authorized agent, herein designated *mare owner*.

(please use one individual name for our files, no farm names)

This contract covers the stallion _____, who is registered, approved for breeding and licensed with the American Holsteiner Horse Association and _____ (any other organization) and the mare _____ (REGISTERED NAME) registered with _____ (organization), registry number _____, born _____ Sire _____

Dam _____

(we must have this information prior to breeding)

The service fee is \$ _____ due at the time of signing of this contract unless prior arrangements have been made. This fee includes a nonrefundable booking fee of \$ _____ for the current breeding year.

The sum of \$ _____ is due at time of signing this contract as a container deposit.

The sum of \$ _____ is due at the time of signing this contract as a deposit on collection fees.

Mare Owner shall supply Federal Express account number or credit card number for payment of shipping fees.

THE MARE OWNER AGREES:

1. To provide a copy of registration papers of mare at time of signing contract.
2. To have a culture and cytology performed on mare which is free of infection or disease and in sound breeding condition.
3. To complete and return the mare history form to the stallion owner.
4. To inform the stallion owner on the first day of the mare's heat cycle and provide an estimated date for delivery of semen. Mare owner must notify stallion owner at least 24 hours prior to the desired date of collection.
5. To have mare inseminated by a licensed veterinarian.
6. To notify stallion owner not later than 18 days after insemination of mare's pregnancy status via ultrasound administered by a licensed veterinarian.
7. That stallion owner is not responsible for accident, illness, or disease or death of the mare or the foal.
8. To pay all expenses for artificial insemination, including collection and transport of semen, any fees for transport including airline, shipper services, etc. and courier fees applicable and any other fees and agrees to reimburse stallion owner any fees within five (5) days of being informed by stallion owner.
9. To assume responsibility for semen container/box. If equitainer is lost or damaged while in transit to or from mare owner's facility, mare owner shall pay to stallion owner the sum of \$400.00. Mare owner agrees to return container/box to stallion owner within **TWO (2) DAYS** of the date of insemination. There will be a \$20.00 per day late fee charged for late return of container/box.
10. To assume responsibility for determining eligibility of mare for inclusion in any registry.
11. That failure of mare owner to fulfill the obligations in this contract will void the live foal guarantee.
12. To use frozen semen if stallion becomes unfit to provide fresh semen. Mare owner agrees they are entitled to up to _____ straws of frozen semen for payment of breeding fee in any one year. If additional straws are needed, mare

owner may purchase at \$ _____ per straw. If frozen semen is not available mare owner may choose any other stallion standing at Fox Fire Farms but under no circumstances will breeding fees be refunded. For a higher priced stallion mare owner agrees to pay an additional fee.

13. Mare Owner has paid the breeding fee for one successful pregnancy. Mare owner/breeder agrees that in the event of successful embryo transfer Breeder shall pay the following fees: \$900.00 for first additional implantation after 45 day pregnancy check. \$800.00 for a second additional implantation after 45 day pregnancy check.
14. Breeder agrees to pay all invoices at TIME OF RECEIPT. Future shipments cannot be guaranteed without invoices being paid.

THE STALLION OWNER AGREES:

1. To provide mare owner with proof that stallion is in good standing with AHHA or another organization if stallion has been approved by that organization.
2. To provide return breeding privileges the following season if mare proves barren or the foal dies before it can stand and nurse, provided proof of such loss, signed by a licensed veterinarian, is presented to stallion owner within ten (10) days of the death of the foal and provided all obligations of mare owner have been fulfilled as maintained in this contract. Return privileges will not be extended beyond one year without the consent of the stallion owner. Return privileges are cancelled if any of the provisions of this agreement are not met by the mare owner.
3. Stallion owner retains the right to refuse to breed the mare owner's mare at any time. Stallion owner will first deduct any costs incurred by the mare owner, then refund any unused portion. Booking fees are not refundable.
4. To provide viable semen which shall be shipped either cooled or frozen.

THE STALLION OWNER AND MARE OWNER MUTUALLY AGREE:

1. This contract is not valid unless completed and signed in full by both the stallion owner and the mare owner.
2. Stallion owner and mare owner assume all risks of loss or damage to their own horse (and foal).
3. This agreement is not assignable or transferable by mare owner to any other party.
4. This agreement is binding upon the parties, their heirs and assigns and may be amended only in writing by the parties, and is governed by the laws of the state of Washington.

Georgetown, KY 40324

BREEDER'S WAIVER

This waiver is designed for the protection of both the mare owner and the stallion owner/agent. The original should be retained by the mare owner and a copy should be retained by the stallion owner/agent. This document should be executed at the time of booking.

I have read the information in "Instructions to Breeders."

I understand that it is my responsibility to verify the "active" status of the stallion prior to breeding in order to protect my rights to any Association papers or brand for which the resulting foal may be eligible.

I understand that if my mare has not been approved for the AHHA Studbooks at an official AHHA Approvals site, the resulting offspring of this breeding will be ineligible for registration with the AHHA, but would be eligible for a Certificate of Pedigree.

I understand that if my mare is classified as "qualified," any eligibility for, or claims to, registration papers or brand for the offspring of this breeding will be contingent upon my fulfilling the following requirements to the satisfaction of the AHHA:

- 1) Within four (4) weeks (28 days) of the birth of the foal, I am required to send an official Foal/No Foal Report to the AHHA. This report form will be sent to me by the AHHA.
- 2) I am required to furnish adequate documentation (registration and/or other papers and photos) of the identity of this mare as claimed in this waiver at the time of application for registration or certificate of pedigree of her foal. (See AHHA Breeding and Registration Rules.)
- 3) This mare must be presented at an official AHHA Breeding Stock Approval and receive the minimum score required for Studbook entry. At that time, she will also be measured (mares are required to be a minimum of 15'2).
- 4) This mare must be DNA typed. The AHHA reserves the right to Parent Verify any horse prior to Studbook entry.

I understand that if the resulting foal is the product of embryo transfer or frozen semen, DNA typing and parental verification of the foal is required prior to issuance of a Certificate of Registration or a Certificate of Pedigree.

To the best of my knowledge, this mare does not satisfy the criteria for a "qualified" mare as defined by the AHHA, Inc.

This mare is is not currently entered in the Studbooks of the AHHA.
